BARBER SERVICES

BELLAGIO TRADITIONAL SHAVE \$40

A facial massage with pre-shave oil protects and relaxes the skin and softens the beard. A hot towel opens the pores and warm shaving cream is applied. The face is shaved with a traditional straight razor, using a disposable blade. The face is then re-lathered and shaved again, lightly, to complete the perfect shave. The barber gently applies a styptic stone, which is a natural mineral found in Europe known for its antiseptic properties. A cold towel infused with antiseptic lavender essential oils is then applied. As a final touch, an after-shave balm or gel is applied to calm the skin and replenish its natural moisture.

30 minute service

BELLAGIO ROYAL SHAVE \$60

A must for every man! Service begins with a steamed hot towel. A warm shaving cream is applied and the face is shaved twice. Alum block is applied for antiseptic and pore-closing purposes. The face is then wrapped in a hot towel while the barber prepares a botanical-based mask which consists of rose desert clay, calendula extract and almond and jojoba oils which replenish necessary nutrients lost during the shaving process. Once the mask has dried, it is removed with natural sea sponges soaked in lemon essential oils.
